

# Srighakolapu Sri Lakshmi Vineela

+91-9398198649 srichakolapuvineela@gmail.com linkedin.com/in/srichakolapu-vineela github.com/vineela26-create

## EDUCATION

<b>Vishnu Institute of Technology</b> B.Tech in Information Technology (CGPA: 9.39 / 10.00)	2023 – 2027 Bhimavaram, Andhra Pradesh
<b>Sri Chaitanya Junior College</b> Intermediate (MPC) (Percentage: 98)	2021 – 2023 Amalapuram, Andhra Pradesh
<b>Wisdom Primary &amp; High School</b> Secondary School (Percentage: 99)	2020 – 2021 Bandarulanka, Andhra Pradesh

## EXPERIENCE

<b>AICTE</b> Web Full-Stack Developer (Virtual Internship)	Jan 2025 – Mar 2025 Remote
---	-------------------------------

- Developed end-to-end web features using React.js, Node.js, MongoDB, and Firebase for seamless frontend-backend integration.
- Built RESTful APIs, handled database operations, and improved application stability through debugging and code reviews.

<b>Infosys Springboard</b> Artificial Intelligence Virtual Internship 7.0	2026 Remote
--	----------------

- Completed training in Artificial Intelligence concepts including machine learning fundamentals, data preprocessing, and model building.
- Worked on hands-on projects involving real-world datasets to develop problem-solving and analytical skills.

<b>Gen AI Workshop – VITB</b> Participant	2026 Bhimavaram, Andhra Pradesh
--	------------------------------------

- Completed a 40-day intensive workshop on Generative AI, focusing on practical implementation of AI-driven solutions.
- Developed AI-based applications including a chatbot and resume builder using modern Generative AI tools and APIs.
- Designed and automated workflows using n8n to integrate AI capabilities into real-world applications.
- Applied core concepts of prompt engineering, API integration, and automation to solve real-world problems.

## PROJECTS

<b>SkillRise – Rural Talent Job-Matching Platform</b>   React.js, Node.js, Cloudinary, Firebase, Vercel	Live Demo   GitHub
---	--------------------

- Conceptualized a rural-focused job platform enabling talent discovery through regional-language digital profiles.
- Designed video-first skill showcasing and voice/chat-based hiring workflows to reduce accessibility barriers.
- Addressed transparency and inclusivity gaps in conventional job portals through a community-driven approach.

<b>Digital Chit-Fund Management Platform</b>   React.js, Node.js, Firebase, Vercel	Live Demo   GitHub
--	--------------------

- Built a role-based web application to digitize and streamline traditional chit-fund operations.
- Automated contribution tracking, group lifecycle management, and notification workflows.
- Ensured secure, transparent, and paperless fund management for all stakeholders.

<b>AI Interview ChatBot</b>   HTML, CSS, JavaScript, Python, Flask, Google Gemini API, render	Live Demo   GitHub
---	--------------------

- Developed an AI-powered interview practice application simulating real interview conversations.
- Integrated Google Gemini Generative AI to generate role-specific interview questions and contextual responses.
- Deployed a secure Flask backend with environment-variable credential management on a cloud platform.

## CERTIFICATIONS

- Cybersecurity and Privacy — IIT Kharagpur, NPTEL (Jul 2025 – Oct 2025)
- Agentforce Specialist — Salesforce Certification (Dec 2025)
- Full Stack Web Application Development with Node.js — Codinza (Nov 2025)
- HTML, CSS Bootcamp — LetsUpgrade (Sept 2024)
- Basics of Python, Machine Learning Using Python — Infosys Springboard (Sept 2024)

## TECHNICAL SKILLS

- Programming Languages:** Python, Java, C, Node.js
- Web Technologies:** HTML, CSS, JavaScript, React.js
- Databases:** SQL, Firebase
- Tools & Platforms:** Git, GitHub, Visual Studio Code

## ACHIEVEMENTS

- Solved 350+ problems on LeetCode and earned 3 badges, demonstrating strong problem-solving and data structures proficiency.
- Participated in Smart India Hackathon (SIH), contributing to innovative real-world problem solutions.
